

CAN YOU HELP?

The HSP Support Group is a small friendly UK charity providing a supportive community for people with the rare neurological condition **Hereditary Spastic Paraplegia**, or **HSP**. There are no cures for HSP.

We are seeking at least two new trustees to sit for a 3-year term, as our Treasurer and Secretary will stand down at our AGM (summer 2022). We would be delighted to hear from people keen to help us manage and run our community, helping us grow and develop.

Trustees help committees, make decisions on activities and finances, and take on tasks to move things forward. Trustees meet 4–5 times a year online for a few hours in the evenings.

You may be just the person, if one or more of these sound like you:

- » Kind, honest, diplomatic, considerate and engaging
- » Enjoy developing ideas and concepts to help the group
- » Take ownership of responsibilities and fulfil them

As a trustee you have opportunities to:

- » Shape and influence the direction of the group
- » Meet similar minded people and develop useful networks
- » Ensure the group provides the support needed by our members.
